

Transport and culture, quoted as one product.

Most suppliers in this region sell you one piece and leave you to assemble the rest. **We quote the whole day.**

One enquiry. One quote. Two licensed companies behind it.

What this solves for you

The coach problem	The assembly problem	The accountability problem
Cherry blossom and autumn are the weeks when operators in this region run out of vehicles. Shachi Bus holds capacity for those dates. That is not a sales line — it is why this partnership exists.	Say <i>"thirty students, four days, March, arriving from Tokyo"</i> and you get one quote covering vehicle, experiences, guide, meals and accommodation. Not five suppliers and a spreadsheet to reconcile.	One contact owns the day. If something moves, one person fixes it.

What we build together

Educational — 20 to 40 students. Culture, etiquette, martial arts, craft, SDGs, school exchange. Safe group transport under licensed operation.	VIP & luxury — small parties in premium vehicles. Castle, master craftsmen, private instruction, exceptional dining, accommodation — designed as one story rather than a list of stops.
MICE & incentive — airport and hotel transfers, team building, cultural programmes, gala dinners, site inspections, excursions.	Central Japan touring — Nagoya as the hub, out to Gifu, Mie, Nagano and Hokuriku. Nagoya is not a stop on the way. It is the gateway.

Shigeru Utsugi — President, Shachi Bus Co., Ltd. Practises aikido.
Kensuke Ueoka — Founder, BUSHIDO LLC. Kyudo, thirty years, 4th dan. Chairman, Nagoya Inbound Summit.
We are not in costume. This is what we do.
